

# Rules for Homework

MTHBD/CMPBD 424

1. **Limits of Collaboration:** You may **discuss** the homework with classmates only. You may not copy answers, code, or proofs. It is not hard to tell if two people copied so please don't do it or it will be considered a violation of academic integrity.
2. If the homework is submitted after the due date at class time, there will be a 25% reduction in your score.
3. If the homework is submitted after the first class after the due date, you get no credit for the homework.
4. The following oversights will result in a **10% reduction in your score (per violation)**.
  - If your name is not clearly indicated on the first page.
  - If the papers are not stapled together. Note: the existence of a staple does not guarantee the pages are stapled together.
  - If the pages are out of order.
  - If two problems that are supposed to be on separate pages are on the same page.
  - If two problems that are supposed to be on the same page are on separate pages.
  - If you exceed the page limits per problem.

Please follow these rules. I do not want to file any violations of academic integrity or deduct points for format errors, but I will.
