

## Directions for submitting MATLAB files to my P-Drive

1. log on to any university machine
2. go to programs from the start button
3. go to datadisk and others
4. click on course-ware data disk
5. enter sas56
6. hit enter or maybe click on continue.
7. Now go to 'my computer' on the desktop or in the start menu.
8. In Network Drives click on sas56 on 'psbd ...'
9. Click on public
10. You can place files in the directory with your name.
